

Sunday Morning nursery care helpers needed

Our church is blessed to have a wonderful staff person who serves in our nursery each and every Sunday. We are currently looking for wonderful volunteers to come alongside her.

- Nursery Substitutes - There are on certain occasions a need for substitutes and extra helpers. We are currently looking for people who would be willing to serve as extra help on these occasions. This would not be an every Sunday commitment. You would serve as needed and would be placed on a call list for special occasions, filling in when our workers are on vacation or ill, and when we have a large influx of children.***
- Once or twice a month nursery assistants - As our church grows, it will be more and more important to have regular committed helpers to come alongside our current nursery staff person. Would you be willing to commit to one or two Sundays a month to serve as a nursery car assistant?***

PLEASE NOTE: All new volunteers will be required to commit to our Safe Gatherings policy and go through our Safe Gathering background check and training system.
